2006 PART 1

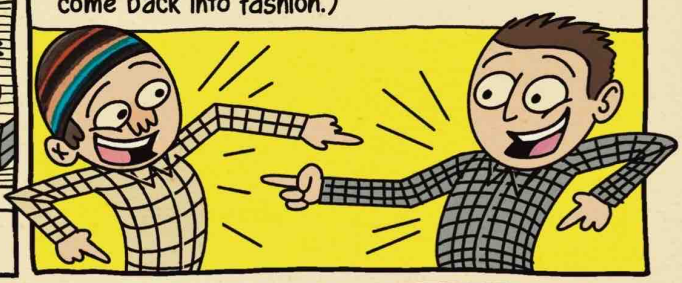
"WE ARE THE LUMBERJACKS!"

by NICK DIAK

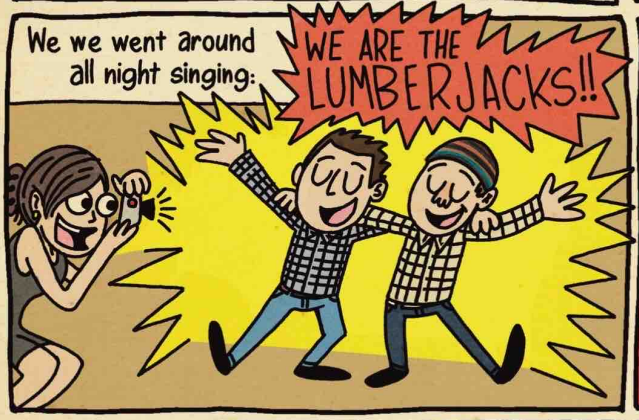
I had just gotten back to college after our month long winter break. I was excited to get back to the party scene, plus it was New Years Eve!

I walked into Ryan's apartment and immediately ran into my friend Dan.

We were excited to see that we were both wearing flannel shirts. (flannel shirts had just come back into fashion.)

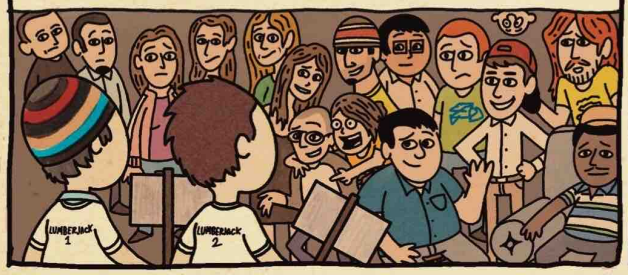


We we went around all night singing:



The following week we got together and made cardboard axes and plain white tees that said "Lumberjack 1" and "Lumberjack 2"

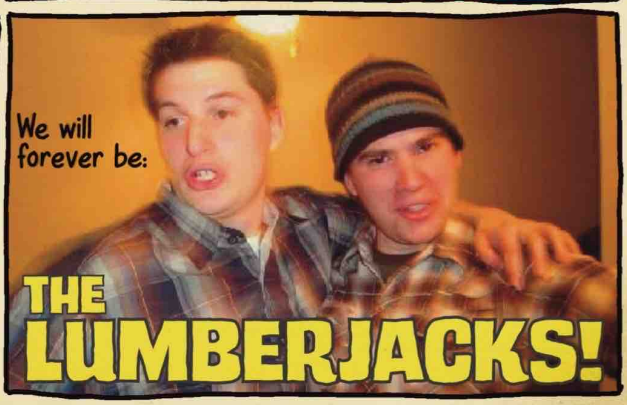
Then on the weekend we wore them out to parties. (We thought we were hilarious.)



Facebook had became available at our college not that long before, so we changed our names to "Lumberjack Dan" and "Lumberjack Nick".

Even though we unfortunately don't talk as much these days, our names on Facebook remain the same till this very day.

We will forever be:

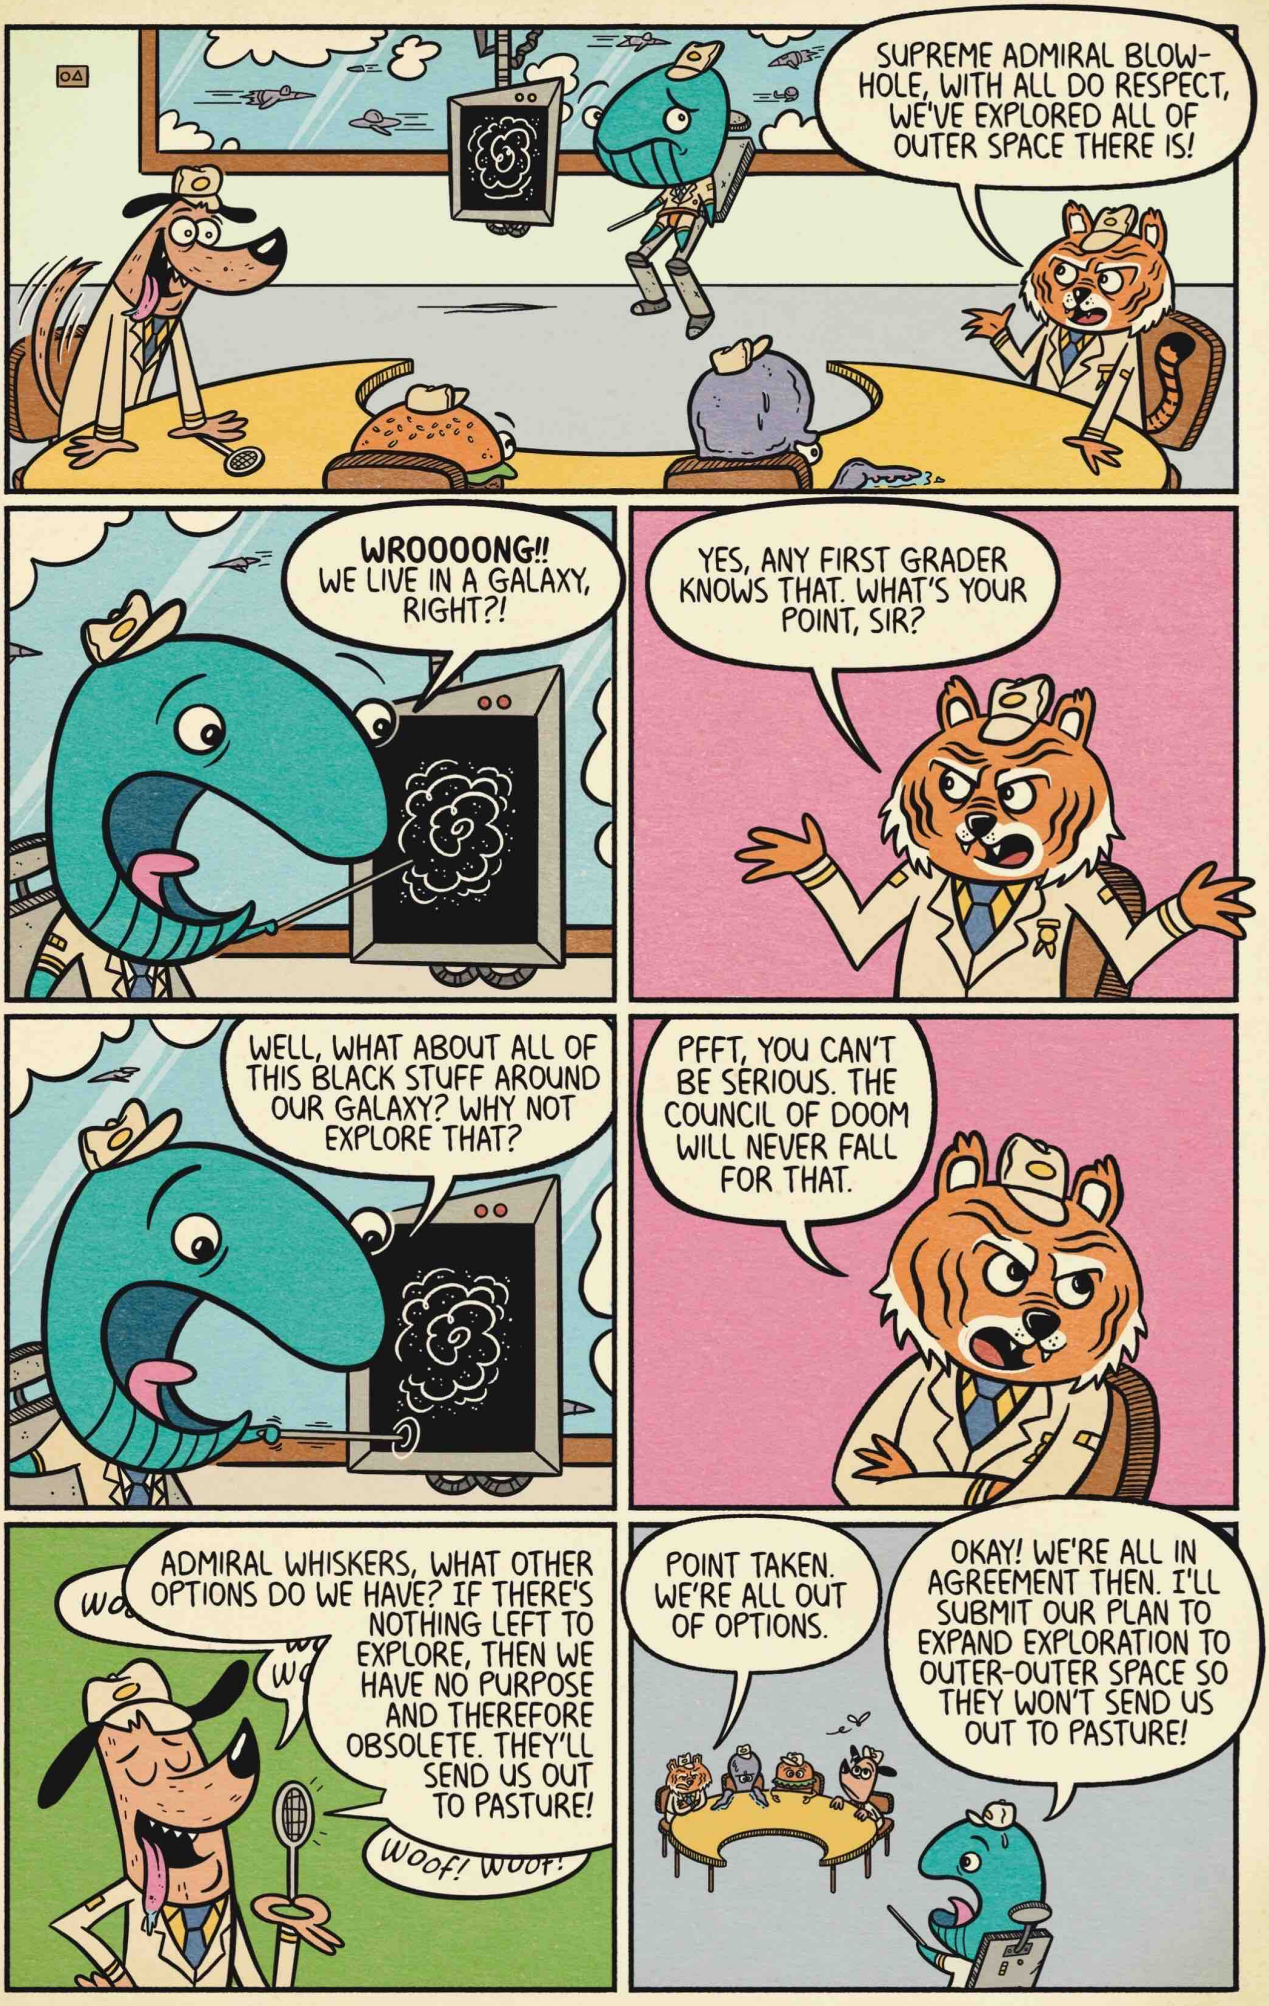


OUTER-OUTER SPACE-TROOPERS! PART 1

LJN

"FLIGHT OF THE SATURN I"

IMAGE: EUROPEAN SPACE AGENCY & NASA. EDITED BY N.D.



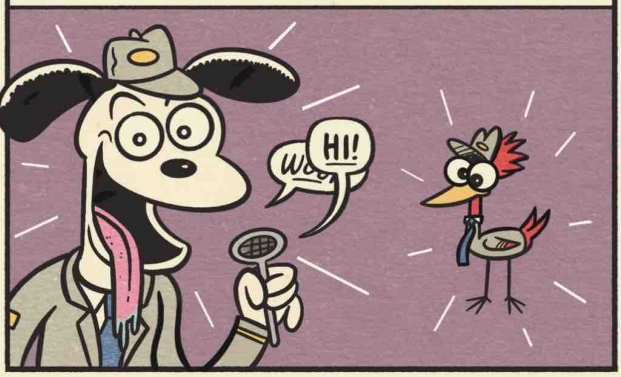
SUPREME ADMIRAL BLOW-HOLE, WITH ALL DO RESPECT, WE'VE EXPLORED ALL OF OUTER SPACE THERE IS!
WROOOONG!! WE LIVE IN A GALAXY, RIGHT?!
YES, ANY FIRST GRADER KNOWS THAT. WHAT'S YOUR POINT, SIR?
WELL, WHAT ABOUT ALL OF THIS BLACK STUFF AROUND OUR GALAXY? WHY NOT EXPLORE THAT?
PFFT, YOU CAN'T BE SERIOUS. THE COUNCIL OF DOOM WILL NEVER FALL FOR THAT.
ADMIRAL WHISKERS, WHAT OTHER OPTIONS DO WE HAVE? IF THERE'S NOTHING LEFT TO EXPLORE, THEN WE HAVE NO PURPOSE AND THEREFORE OBSOLETE. THEY'LL SEND US OUT TO PASTURE!
Woof! Woof!
POINT TAKEN. WE'RE ALL OUT OF OPTIONS.
OKAY! WE'RE ALL IN AGREEMENT THEN. I'LL SUBMIT OUR PLAN TO EXPAND EXPLORATION TO OUTER-OUTER SPACE SO THEY WON'T SEND US OUT TO PASTURE!

AND SO, TO BOTH THEIR SHOCK & RELIEF, THE **COUNCIL OF DOOM** APPROVED THEIR PLAN! BUT THEY HAD A LONG ROAD AHEAD OF THEM. FIRST, THE PROJECT NEEDED A NAME. SAMD. BLOW-HOLE CHOSE THE NAME **"SATURN"** AFTER THE ANCIENT HUMAN AUTOMOBILE COMPANY.

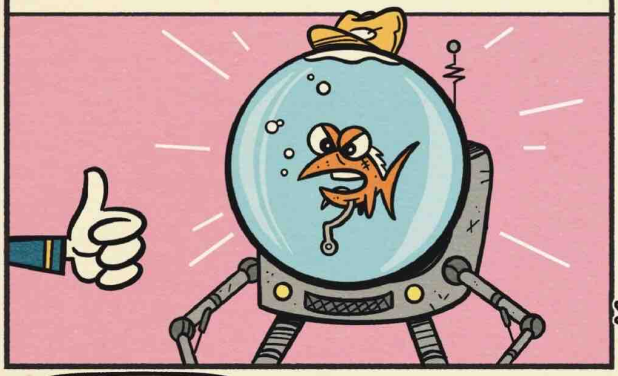
SECOND, THEY HAD TO PUT TOGETHER THE PERFECT TEAM. SO THEY SELECTED **COL. RUFF** & **MAJ. LARRY BIRD** TO MANAGE THE PROJECT.

AS THE PROJECT'S TEAM LEADS, IT WAS COL. RUFF & MAJ. BIRD'S JOB TO FIND THE PERFECT CREW. FOR THE COVETED POSITION OF **PILOT,** THEY CHOSE **LT. LEO FRO.**

FOR FIRST MATE & NAVIGATOR: **LT. BOW WOW** & **LT. RED.**



AND FINALLY, FOR CAPTAIN, THEY CHOSE **CAPT. CRABZ HOOK!**



WITH THE TEAM ASSEMBLED, COL. RUFF & MAJ. BIRD PRESENTED THE TEAM TO **HIGH COMMAND.**

BUT ADM. WHISKERS WASN'T SO SURE.

AND SO THE SATURN 1 CREW BLASTED OFF HEADING TOWARDS THE UNKNOWN REACHES OF OUTER-OUTER SPACE!
LT. FRO! TAKE US TO RIDONCULOUS SPEED!
YES, SSSSSSSS
AAAHHHHHHHHH!!!
RIDONCULOUS SPEED!
STOP
SCREEEEEEEECH!!
WE'RE HERE!
YOU ARE NOW EXITING THE GALAXY
DOESN'T LOOK LIKE THERE'S MUCH OUT THERE.
NOT REALLY.
WELL, FIRE THIS TIN CAN UP SO WE CAN HEAD OUT & "EXPLORE."
STOP
YOU ARE NOW EXITING THE GALAXY

OK, THERE THEY ARE. SEND A REPORT TO ADM. MITTENS THAT THEY'RE ABOUT TO CROSS INTO OUTER-OUTER SPACE.
WELL, WHAT ARE THEY WAITING FOR? WHY ARE THEY JUST SITTING THERE?
EXIT
LEO, WHAT'S THE HOLDUP?
THIS STUPID SHIP WON'T TURN BACK ON!
RIDONCULOUS SPEED!
WOOF! WOOF! WOOF!
FIRST MATE, WHERE'S YOUR TRANSLATOR?
OOPS! SORRY! IT LOOKS LIKE THE PHOTONIC CRYSTAL NANOCAVITIES AREN'T FACILITATING THE NONLINEAR OPTICAL INTERACTIONS AT THE NANOSCALE.
THAT'S NOT GOOD. WHAT DO YOU SUGGEST?
WE COULD TRY IMPLEMENTING THE NANO-ELECTROMECHANICAL SYSTEMS TO EXHIBIT QUANTUM TUNNELING EFFECTS UNDER THE SUB-MICRON-SCALE SPECTROMETER.
SOUNDS GOOD. LEO! MAKE SURE THE MODULATE FREQUENCIES ARE IN SYNC WITH THE SILICON PHOTONIC STABILIZERS!
OK THE NANO-ELECTROMECHANICAL SYSTEMS ARE QUANTUM ENTANGLED!
MODULATE FREQUENCIES & SILICON PHOTONICS ARE SINGING BYE BYE BYE!
GREAT! LEO, PUNCH IT!
OK!
LET'S DO THIS!
